

School of Nursing
Technology Orientation

**Client Services
Office of Information Technology
September 11th, 2009**

Welcome!

Main Points

- **The Help Desk is here to help**
- Make sure you have a Rebelcard
- There are **four** primary accounts:
 - *Rebelmail*
 - *Computing*
 - *Wireless*
 - *Webcampus*
- Your Rebelmail address prefix becomes your login for other accounts
- Computing Accounts: File Storage & Lab Access
- E-Academy – software & hardware purchasing
- Files and Security

Primary UNLV Student Accounts

- Rebelmail
 - *Receive important UNLV-related information*
- Computing Account
 - *Gain access to computer labs, printing, network file storage*
- Wireless
 - *Connect to wireless network using hotspots around campus*
- WebCampus
 - *UNLV's online course management system*

Rebelmail

- **Official communications from UNLV**
 - Receive important notices from the University and instructors
 - Required
 - Check your account regularly
 - The prefix is your login for other accounts
ex: smitht@nevada.unlv.edu - use the “smitht” to log into WebCampus, Computing, and Wireless accounts.

Rebelmail

- **Rebelmail account management**

- rebelmail.unlv.edu
- Choose a new password and set up a hint
- Forward to another e-mail address if more convenient

** Many attending this orientation have had their Rebelmail accounts activated already!*

Computing Account

- Necessary to use labs on campus and be able to print
- Your login is the same as your Rebelmail prefix
- Use complabs.nevada.edu to store and access your files while on or off campus

* Note: The library has their own computing accounts – just show them your Rebelcard to get it activated

Wireless

- There are wireless hotspots on campus
- wireless.unlv.edu
- Activate with your Rebelcard

WebCampus

- Your username is the same as your Rebelmail prefix
- Default password is your DOB – choose a new one the first time you log in
- 24-hour support options:
 - *Call 895-0777 and press 2*
 - *Support center online at webcampus.unlv.edu*

Our colleagues from Distance Education will show you more about WebCampus in their portion of the orientation.

e-Academy

- Discounted Software
- Self Register at:
 - unlv.e-academy.com
- You must use your Rebelmail address
- Create the same username to make it all consistent
- Read the terms and conditions carefully

Computer Purchasing

- **Preferred (discount) vendors*:**

- Dell
- Apple

- More information available via:

- oit.unlv.edu/students/computer_purchase.html

Security

- Spyware
- Adware
- Virus
- Spam
- Phishing
- Be aware, be cautious, and protect your own security
- Free antivirus software

File Management

- Back-up files to multiple devices, such as the Novell NetStorage (using your Computing Account), hard drive, USB thumb drive, CD, etc.
- Use compressed/zipped files when necessary
- Visit or call the IT Help Desk for detailed file management assistance

Tips

- Create a folder to keep all of your files so that you know where they are.
- When downloading files or accessing e-mail attachments:
 - ***SAVE the file to a folder on your computer***
 - ***THEN, open and use the saved file***
- Use good naming conventions for organization.
- Try an alternate browser if you experience any issues with WebCampus or Novell NetStorage.

Questions? We've got answers!

IT Help Desk

895-0777

ITHelp@unlv.edu

oit.unlv.edu
