Web Links

Technology Links

- 
Adobe PDF Reader <http://get.adobe.com/reader/?promoid=BUIGO>
 This free viewer must be installed on a computer system from which you wish to view these documents. As you know, these look like what you would see if the document were printed on paper, so that the formatting is intact and looks similar on all systems.
- 
How to Copy and Paste <http://www.webmasternow.com/copyandpaste.html>
 Interactive web page (for Mac and non-Mac). May not open if pop-up blocker(s) activated on browser.
- 
Print Screen Function (Mac) <http://www.wikihow.com/Use-the-Print-Screen-Function-on-a-Mac>
 We recommend that you retain a record of the confirmation of the completion of each online course activity. This may be useful when there are system problems.
- 
How to Print a Screen in Windows XP <http://www.entity.cc/ICONS/print-screen.php>
 We recommend that you retain a record of the confirmation of the completion of each online course activity. This may be useful when there are system problems.
- 
How to Use the Print Screen Function in Windows Vista http://www.ehow.com/how_2245593_screen-function-vista-operating-system.html
 We recommend that you retain a record of the confirmation of the completion of each online course activity. This may be useful when there are system problems.
- 
Use the Internet Explorer Information Bar http://www.microsoft.com/windowsxp/using/web/sp2_infobar.aspx
 If you are using Internet Explorer and you are not able to readily download or receive files related to WebCampus courses, please visit this page for information.
- 
WebCampus support <https://d2.parature.com/ics/support/default.asp?deptID=4314>
 Direct link to general technology assistance; first contact when you encounter technology-related difficulties with a course.
- 
PowerPoint 2007 viewer <http://www.microsoft.com/downloads/details.aspx?familyid=048dc840-14e1-467d-8dca-19d2a8fd7485&displaylang=en>
 (for Windows XP/Vista); if you don't already have a full application installed, you can use this utility to read presentations (but not create or modify).
- 
NoodleBib Express <http://www.noodletools.com/login.php>
 Just need one or two quick citations (APA, MLA format)? No need to log in or subscribe -- simply generate them in NoodleBib Express and copy and paste what you need into your document. Note: citations are not saved and cannot be exported to a word processor using this version of the tool.
- 
RealPlayer <http://www.real.com/freeplayer/?rppr=rnwk>
 If your instructor uses online videos (lectures, movies, etc.), the version of this player that is compatible with your study computer must be
